dedicated to the 95th anniversary
of Manash Kabashevich Kozybaev
outstanding Kazakh scientist, historian, academician**

Dear participants!

Manash Kozybayev North-Kazakhstan University invites you to participate in the international scientific-practical conference for students and young scientists-«Kozybayev Readings – 2026: Ecosystem of the Future, Synergy of Technology and Human Capital Development».

Date: April 10, 2026.

The aim of conference is a formation of an international scientific and practical platform for a comprehensive discussion of the historical legacy of Academician Manash Kozybaev and its significance in the context of the digital transformation of society, as well as for the integration of cutting-edge research in the fields of natural and pedagogical sciences, engineering and artificial intelligence, agro-industrial complex, interdisciplinary analysis of social processes, and medicine.

The conference aims to strengthen scientific collaboration, developing human capital, support youth research initiatives, and developing sustainable innovative solutions in response to modern global challenges.

Conference Languages: Kazakh, Russian, English.

To participate in the conference, please submit an application and paper (formatted in accordance with the attached requirements) to the email addresses listed above. There is no fee for participation in the conference. Papers must be submitted electronically by April 5, 2026.

Conference proceedings are planned to be published after its conclusion. The authors are responsible for the quality of the submitted material. The text is original and will not be edited.

Submissions must be in A4 format, no less than 3 pages long and no more than 5 pages long, submitted in Word, with a font size of 12 (for the bibliography, a font size of 10), 1.0 line spacing, a paragraph indent of 1.25, and Times New Roman font. The font must be justified, with 25 mm margins on all sides. The UDC and IISTI must be indicated.

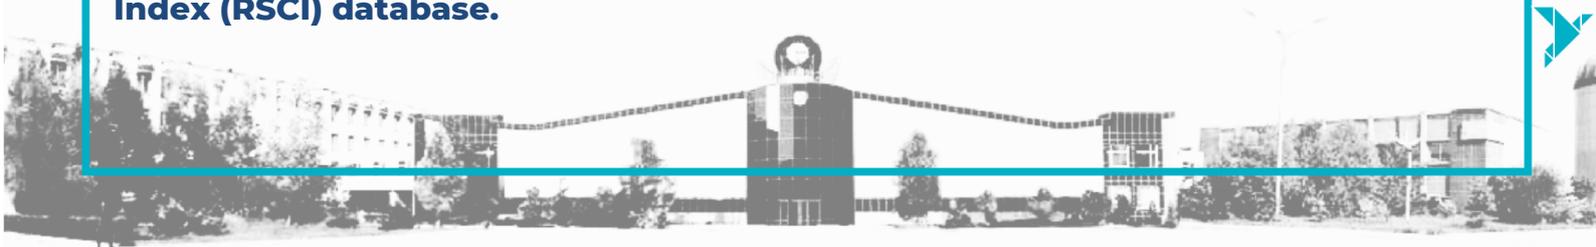

Abstract font size 10 in three languages (Kazakh, Russian, and English) must be included.

The conference proceedings will be typeset using direct copy-pasting. Therefore, we draw your attention to the need to submit scientific articles carefully edited and in compliance with all the above requirements.

To ensure the quality of published materials and copyright compliance, all incoming articles are checked for plagiarism. Submitted articles must be at least 70% original.

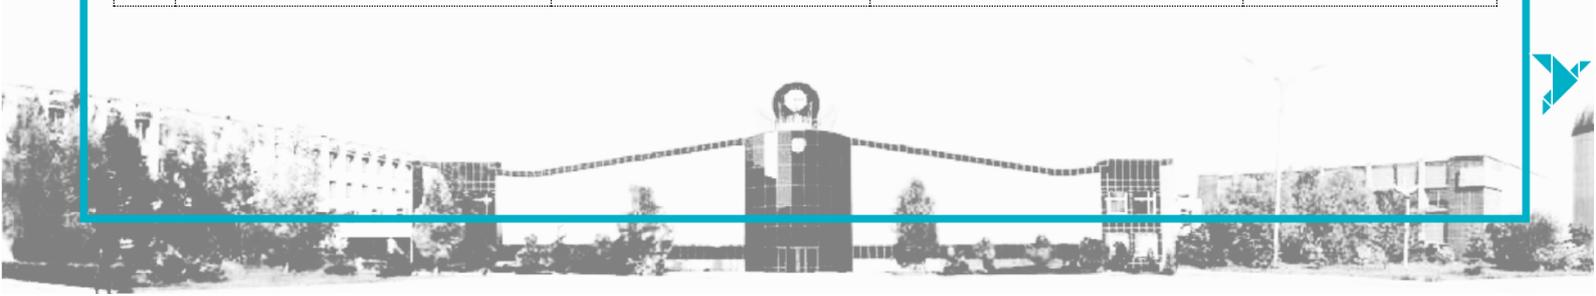

Materials submitted after the specified deadline, not formatted in accordance with the requirements, or in the event of detection of methods for inflating the uniqueness of the text (non-printable characters, spaces, etc.), articles will not be considered and will not be returned to the authors.

The conference will be held in person, and remotely. Following the conference, it is planned to publish research papers in a conference proceedings collection, which will be included in the Russian Science Citation Index (RSCI) database.
